EVIDENCES OF HIS SUCCESS IN CURING

CATARRH,

And all of Chronic Diseases that have Resisted the Ordinary Modes of Treatment.

Letter from B. F. Murdock, Esq., Editor of the San Jose Daily Patriot.

SAN FRANCISCO, CAL., NEW YEAR'S DAY, 1871.

DR. ABORN, San Jose—Dear Sir: I have felt that our business and social relations for the last few months were of special character as to warrant me in addressing you this testimonial of my esteem for you, professionally and socially. Your remarkable success in the treatment of my son, Frank, a youth just entering on manhood, who had been afflicted for some time with an obstinate catarrh and throat disease, was but an additional proof of the distinguished reputation you had achieved in your profession before your arrival in California, and disposed me to repose that reliance upon your scientific skill in the treatment of your specialties, which was so fully sustained by the success of your prescriptions in all cases under your treatment in this city and neighborhood.

Allow me also to express my thanks for the liberal and gentlemanly spirit you displayed in all of our business relations. As the proprietor of the San Jose *Daily Patriot*, I published for you many advertisements, all of which were promptly paid for, and in a manner peculiarly agreeable to myself.

I do not know whether this letter will be of any use to you, but I have felt impelled to write it, as well as to assure you of my sincere esteem and cordial wishes for your happiness and prosperity.

Respectfully yours, etc.,

F. M. MURDOCK,

Editor and Proprietor *San Jose Daily Patriot*.

Letter from Wm. B. Lake, Esq.

SAN FRANCISCO, January 19, 1871.

DR. ABORN—Dear Sir: Permit me to add my testimony to the numerous public acknowledgments you have received while here, of your skill and success in the treatment of those diseases which you make specialties in your practice.

My boy, now eleven years of age, had been seriously troubled for several years, with catarrh, which put under your treatment, when he was immediately relieved, and has been steadily improving ever since, until now he seems almost entirely recovered, and we feel we owe to your skill his rapid convalescence, and I assure you your name will ever be held in grateful remembrance by your young patient, and his parents and friends.

Yours respectfully, WM. B. LAKE,

No. 1025 Folsom Street, San Francisco.

LAW OFFICE OF R. P. & JABEZ CAMPBELL, No. 621 Exchange Building, SAN FRANCISCO, CAL., January 22, 1871.

DR. ABORN—Dear Sir: Understanding that you are about terminating your residence and practice in this city, I have thought that possibly you might be pleased to know that the little school girl, Mary Morris, whom you treated some months ago at my request, and who, God will, remember, was nearly deaf, and seriously afflicted with some terrible trouble when she went to you, is now ENTIRELY CURED, both of deafness and bronchial affection, and declares that she was virtually cured on her first visit to you. She and her parents are very grateful to you, and think that it is wholly due to your skill that her hearing and health are restored.

Yours truly, R. P. CLEMENT.

Card from Charles N. Fox, Esq.

[Office of Campbell, Fox & Campbell, Attorneys and Counsellors at Law, No. 623 California street.]

SAN FRANCISCO, Feb. 12th, 1870.

Were it not for the good which I hope it may have done to suffering humanity, by informing them where they could find such knowledge and skill as given by Dr. Aborn my little testimonial of the tenth of January, for the demands made upon my time, in answering inquiries in regard to him, have been more numerous than profitable to me; and still they come.

To save the necessity for further personal application, let me say to those who care for my opinion, that time has only strengthened my first favorable opinion of Dr. Aborn, and my confidence in the permanency of the cure effected by him. All my difficulty arose from catarrh, which had become a serious character, affecting the hearing and the throat, giving me at times acute pains, and at others rumbling noises in the ears, frequent headaches, and occasionally affecting the bronchial tubes so sometimes disable me from public speaking. It is also gone, and the change was produced, not by any species of charlatanism, as many suspect of the Doctor, nor by the absurd practice of putting medicines into the stomach which was not affected, but by the skillful application of medicinal remedies directly to the parts which were diseased. I have found the Doctor a gentleman in his intercourse and business, and the judgment that I have formed of him professionally is, that he is a regular physician, thoroughly acquainted with the anatomy of the human body, and possessing a remarkable degree of skill in the treatment of those diseases which he makes his specialty.

CHAS. N. FOX.

Another Wonderful Cure of Asthma and Bronchitis, after all other Methods had Failed.

SAN JOSE, March 8, 1870.

This is to certify, that I have been afflicted for over three years with Asthma and Bronchitis, and had tried every means in my power to effect a cure, and was told by my family physician (an honest and good doctor) that I could not be cured; and I became so weak that I could scarcely walk up a flight of stairs, and I happened to see a card from Lawyer Campbell, stating that he was being treated by Dr. Aborn, No. 22 Kearny street, San Francisco, and was getting great relief, and I thought I would go and see the Doctor; but I had little hope of getting relief, much less a cure. That was about the fifteenth of January, 1870, and to-day I claim to be a well man. I am fifty-nine years old. My mother and sister died with the same disease. I send this card, unsolicited, to Dr. Aborn, thinking that it might meet the eye of some of my acquaintance that might be suffering in the same way. W. HARDWICK.

DR. ABORN,

Has WONDERFUL SUCCESS in curing CHRONIC DISEASES after the usual routine of the profession have failed, and the many testimonials in his possession from prominent and influential men who are well known will substantially prove.

NO PAINFUL OPERATIONS.

DR. ABORN does not subject his patients to any painful or unpleasant operations; his treatment is mild, and safe for the most delicate child. The afflicted are hereby informed, that after the first visit, for many of the diseases which he makes a specialty, they can take the treatment home and be cured, without pain or interruption to their usual avocation.

DR. ABORN

ON

CATARRH!!

[DISEASE TENDING TO CONSUMPTION.]

This is a chronic affection of the mucous membrane of the nostrils or the throat, originating in irritation or inflammation, and attended by more or less discharge. It is one of the most common, most disgusting, and finally most destructive of diseases incident to the variable climate of our northern latitude.

In its early stages catarrh fails to attract the patient's attention, so insidious is its approach. This is an unfortunate circumstance, because the most favorable period for treatment is thus unimproved, and because of the peculiar disposition of this disease to extend upward to the frontal sinuses, backward through the Eustachian tubes to the middle ears, and down through the larynx, trachea, and bronchiæ, to the air cells of the lungs.

The discharge from the affected part is at first a clear fluid, which may escape observation, unless it chance to be of a more than usual acrid character. As time goes on the fluid changes to a thick mucus, and of a yellowish green color, and still later this may be succeeded by thick flakes or scales.

In all the more advanced stages the discharges are generally of an offensive odor, causing great annoyance to one's friends and to the patient himself, while his sense of smell remains. This annoyance from the odor becomes almost beyond endurance, when, as sometimes happens, the delicate bones of the nose become diseased.

Some cases rarely assume the character of Dry Catarrh. There is then a feeling of uneasiness, heat and stiffness in the nostrils, which are often (one or both of them) closed by thickening of the mucous membrane, and thus a difficulty of breathing becomes a prominent symptom.

On examining the nostrils in Chronic Catarrh, with instruments specially adapted to that purpose, we find their lining membrane thickened and of a deeper color than in health. There are seen little points of ulceration, upon which the secretion becomes hardened and forms crusts. When these are picked off, the diseased surface is irritated, and frequently bleeds profusely.

In each case of Catarrh the prominent symptoms are determined by the direction in which the disease extends. If this be upward there may be pain over and between the eyes, obstruction of the lachrymal ducts, causing the tears to flow over the cheeks, and possibly Ophthalmia—inflammation of the eyes. If backward, there will be thickening of the walls of the Eustachian tuber, and consequent tendency to their obstruction, inflammation of the middle ear, buzzing sounds in the head, and impairment of hearing. When the extension is downward, the voice becomes hoarse or whispering and unmanageable, tough bodies and with expectoration and distention, to be followed too often by Consumption and Death.

In cases where the bones of the nose become diseased, not only is the disfigurement of the features increased, but there is a liability to serious personal deformities among which are flattening of the nose.

The swallowing of catarrhal secretions deranges the functions of the stomach, causing indigestion, and loss of appetite, debility, paleness, lassitude, headache and disturbance of mind soon follow. In some instances the mental affection is one of irritability, the patient being suddenly annoyed by all the little perplexities of life. In others, the prominent feeling is that of the melancholy or depression of spirits, when the invalid can see no hope for himself or his affairs.

Allusion has been made to the extension of Catarrh by continuity of surface along the mucous membranes to the substance of the lungs; thus causing Consumption and Death. In this connection it should also be remembered that the air which enters the lungs of a catarrhal patient is, even in breathing, poisoned by unhealthful emanations from the foul secretions of the diseased surfaces. By such air the blood cannot be properly purified and made fit to impart healthy vigor in its unending circuit to all and every part of the animal mechanism. One would suppose that this consideration alone would be sufficient to induce every person thus afflicted to make early application for relief.

The treatment of Catarrh is in part constitutional, whereby the energies of the whole system are called to aid in expelling its destructive enemy. It is in part local, whereby the discharge is made less offensive, diminished and finally arrested, and whereby the ulcerated surface is healed and restored to its normal condition.

By means of new and ingenious apparatus, Dr. Aborn is able in Catarrh and all other affections of the respiratory organs, to apply his remedies directly to the desired localities. Treatment is thus made more efficient as well as less disagreeable. In many cases the first applications of the topical treatment will change the character of the disease and materially purify the breath.

A FEW REMARKS ON

DISEASES OF THE EAR.

It is a well-known fact that Diseases of the Ear are among the most frequent and most serious affections to which the human system is exposed, and that Deafness, or impairment of the hearing, is a lamentable misfortune alike to the public instructor, the military officer, and the government official, as each is obliged to yield his position to another. Equally unfortunate is the loss of hearing to mothers, who have the moral correction of the speech of offspring; and to that offspring in after life, thus cut off from the principal source through which both moral training and intellectual development are conveyed. And yet this function of hearing—the most useful and pleasure-giving of all our senses—is frequently sacrificed by want of attention to the early symptoms of disease, when judicious treatment could readily affect a cure.

True, treatment is often deferred because there is no manifest pain, and hence no danger is anticipated; or because patients are taught by physicians to believe that their disease is not remediable; or because this department of medicine has been neglected, and physicians, though skilled in other departments, know but little of aural surgery, and hence patients are generally discouraged by them.

In our increased and extended anatomical and physiological knowledge, all just grounds for want of confidence now have entirely ceased to exist, as no department in medical science is more thoroughly and successfully treated than is this branch by Dr. Aborn.

The number of ear-patients is constantly increasing with the increase of population, as they originate in so many diseases incident to childhood—as measles, scarlet fever, whooping-cough, &c., &c.

The latter disease is particularly prone to give rise to affections of the ear. Among the most troublesome (besides impairment of hearing) is one called otorrhœa, "running from the ear," not strictly a disease, but a symptom of a diseased condition, which often becomes exceedingly offensive.

If this discharge continues without limit, which it is prone to do, it is liable to destroy the "drum" and delicate ossicles of the ear, and finally to produce caries of the bony walls. The popular notion that stopping this discharge endangers some other organ, or the life of the patient, should be corrected. There is far more peril in letting it alone than in curing it. While it continues, the discharge is a constant drain upon the constitution; but the health, on the contrary, is vastly improved by its eradication. Its persistence often indicates a scrofulous diathesis in the system.

Certainly, it is safe to change that morbid condition, to improve the general system; to remove the cause of disease, and the effect then ceases without danger. Nay, more: in the cure of otorrhœa, as in scrofula, or a "running from the nose," the consumptive tendency is also cured. Thus rational cure never substitutes one disease for another—never compromises the laws of life.

Now, in order to eradicate this common prejudice, and disprove the false conceptions of both patient and physician, I have repeatedly published, during a series of years, certificates of cures of deafness, and from persons of high social, clerical and political position, as so many indisputable facts of the success of my improved method of treating cases of ear disease, often of seemingly hopeless character.

[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO AUGUST 24.

EASTERN STATES.

The Races at Saratoga.

SARATOGA, August 23.—Great interest is felt in the race between Longfellow and Helmbold. During the first three miles Longfellow led by one to two lengths. Helmbold began to gain on the last eighth of the third mile, passing under the string half a length ahead. Longfellow lost steadily during the last mile, Helmbold leading three lengths at the first quarter, six in the half mile, and finishing sixteen lengths ahead of Longfellow, amid most tremendous and enthusiastic cheers. Time, 2:49½.

Wisconsin Politics.

MADISON, August 23.—The Democratic State Convention met to-day. The platform adopted differs in no particular from the resolutions of the Ohio, Iowa and Pennsylvania conventions, endorsing the new departure and condemning the policy of the administration generally and specially.

J. R. Doolittle was nominated for Governor, on the first ballot, and accepted in an appropriate speech. John A. Rice was nominated for Lieut.-Governor; Milton Montgomery, Secretary of State; A. Klauz, Treasurer; Edward T. Bragg, Attorney-General; L. E. Johnson, State Prison Commissioner; W. D. Parker, Superintendent of Public Inspection and Jacob Boden, Commissioner of Emigration.

Fire at Ithaca, N. Y.

ITHACA, August 23.—A terrible fire occurred in this city last night. It originated in the works of Timothy Hollister, Aurora street, at 11 o'clock, and spread north and east, sweeping a large area of buildings before it was under control. The row of stores and brick buildings on Aurora street to the Ithaca Hotel, were destroyed. Green street, for half a block, was burned on both sides. Also all the buildings south of Tioga street, except those at the corner of State street. Total loss, $122,000. Insurance, $70,000.

The Boat Race.

ST. JOHNS, August 23.—After Ronforth was brought ashore, his recovery was temporary, he not being twenty minutes in the Clairmont House when he died. It is admitted that the race was lost to the Tyne crew before Ronforth was attacked. They reached the turning stake in eighteen minutes and made the entire race in thirty minutes.

New York Republican Convention.

NEW YORK, August 23.—The Republican Convention has been called to meet at Syracuse on the 26th September.

Murder in New York.

NEW YORK, August 23.—This morning, Felix Darcy killed his wife, and made an ineffectual attempt to kill his two children. He then cut his own throat. He is supposed to be insane.

The Tammany Thieves to be Prosecuted.

NEW YORK, August 23.—The City and County Central Reform Reform Association held a meeting yesterday and resolved to employ two distinguished lawyers from the outside of the State, to prosecute the leading men of the Tammany Ring. Trumbull and Hendricks are mentioned as men of the right stamp.

European Rumors.

NEW YORK, August 23.—The Russian Minister, Catacazy, has informed a correspondent of a city paper, that he placed no reliance in cable reports of an alliance between France and Russia.

A number of French citizens are making preparations to celebrate the anniversary of the proclamation of the French Republic, September 4th, a year ago.

BY ATLANTIC CABLE.

French Affairs.

VERSAILLES, August 23.—Gambetta proposes the dissolution of the Republican Union Deputies in the Assembly on May 1st next.

The Assembly to-day approved the new additional taxes, and decided to proceed immediately to the discussion of the question of the disarmament of the National Guard.

The Government is active in concert with that of Italy to prevent the cholera from entering either country.

PARIS, August 23.—The evidence given yesterday before the courts martial was of the most terrible description. Deputy Mergin testified that the Communs on the 24th of May formed a kind of court martial at La Petite Jacquette. He saw a man condemned to death in five minutes by some Westchesabour, 17 or 18 years of age, who gave to themselves airs of the greatest importance. Bishop Surat, who escaped from prison, was taught by some of the younger members of the defenders of the barricade and brought back. A woman demanded the honor of killing him, and she set on the unfortunate priest with a poignard, striking at his face, but the Bishop kept her off with his hands. At last, losing patience, and jeered at by the crowd, this fury drew a revolver and shot down her victim.

VERSAILLES, August 23.—In the court martial to-day the argument for the prosecution was concluded. The counsel for the prisoners commenced to sum up for the accused. Ferres attempted to read a printed defence in which he declares that he looks to the future of France for vengeance. The evidence given before the court martial establishes the fact that the Federals were disguised as Firemen and fired the flames in Paris with petroleum. Collet, prison director under the Commune, deposed that he received Ferres' order to shoot hostages, and he declined.

Miscellaneous European News.

LONDON, August 23.—A foreign ship arrived at Shiele with cholera on board.

The disturbances at Newcastle continue. The authorities contemplate calling out the military.

VIENNA, August 23.—The Freeport *Press*, in a leader, hints at the retirement of Beust, and urged the election of a Vienna deputy to Parliament as a political demonstration.

BERLIN, August 23.—There have been four cases of cholera in the city, two of which were fatal.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, August 23.—The remains of Don Abel Stearns, of Los Angeles, who died at his hotel yesterday, will be sent to Los Angeles for interment. He was a native of Massachusetts, and a resident of California since 1828. He sent gold from San Francisco to the Philadelphia Mint four years before the discovery on Sutter's property at Coloma.

The straight out Republican Committee elected Frank Pixley Chairman, and will hold secret sessions every evening until the nominations are completed.

Daniel Ford suicided with strychnine last evening at 158 Natoma street. He was an industrious mechanic. No cause known.

CALIFORNIA POLITICS.

The Committee of the Mechanics' State Council, appointed to investigate the State Capitol frauds, have reported at great length, confirming most of the charges that have been published heretofore. This report is too long and circumstantial to be intelligibly condensed here; suffice it to say that the committee report that the charges of fraud made against some of the employes on the State Capitol are sustained," and that "the Commissioners be requested to stop the system complained of; in letting contracts to Superintendents—and Superintendents being allowed to return a part of the compensation allowed to the men by the State." It appears that the business of robbing workingmen has been carried on a much larger scale than was first reported. The money is used by the Democratic managers for campaign purposes.

E. A. Pollard has written another book, and it alludes to slavery as the lost cause. The general and persevering tone of it, as the preface says, is that of consolation for the lost cause, and congratulation for the lost curse; the loss in the first respect being possibly a delusion, and in the last positively a gain, and ex pi termini a relief.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES.

The Saratoga Race.

NEW YORK, August 24.—It is reported from Saratoga that Longfellow strained a tendon of one of his forelegs during the race and is ruined for life. Intense excitement was caused by the race and its result. Helmbold's rider had instructions to keep close to Longfellow, but not to pass him until coming in on the third mile. From $150,000 to $200,000 changed hands on the result. Harper is downcast and says he is a victim of luck.

Aquatic Sports.

ST. JOHNS, August 24.—The Tyne crew say Ronforth should not have rowed as he was subject to fainting fits under excitement. The programme is discharged for the present. No further entries have been made.

Relations with China.

WASHINGTON, August 24.—The Secretary of the Treasury recommends in a letter to the Secretary of State, based upon official dispatches from Minister Low, that there be no intervention by the United States, as to repairing lighthouses on the China coast, he being of the opinion that the China government will in time fulfill its obligations in this respect.

San Domingo Affairs.

NEW YORK, August 24.—Direct intelligence by steamer from San Domingo reports the country tranquil, no disturbances having occurred since the rout of Cabral in San Juan. The financial situation was relieved by the receipt of proceeds of the United States and St. Domingo loans. The friendly tone of the report of the United States Commission of inquiry, which had been circulated through the country, was pleasing to the people. They were preparing to celebrate the anniversary of the Dominican victory over the Spaniards.

An explanation has been demanded of the course of President Saget permitting Cabal to harass the Dominican frontier.

The sugar and tobacco crop are both large.

LONDON, August 24.—The Amnesty Association of Dublin resolved to hold a meeting at Phœnix Park on the 3d of September to petition the Queen to liberate political prisoners.

The yacht Livonia starts on the 31st inst. for New York.

There is a strike of 1,500 workmen at Leeds. The disturbance at New Castle is quenched. New workmen are simply blessed.

Baron Victoria is dead.

The election in East Surrey for successor to the late Buxton is exciting. Walter Torrey is 500 ahead.

Gurney, British Commissioner under the treaty of Washington, sails for the United States September 9th, accompanied by Sir Stafford Northcote and his eldest son as Secretary.

French Affairs.

VERSAILLES, August 24.—The bill of Gambetta proposes dissolution of the Assembly as discussions are fruitless, the election of a constituant Assembly and resignation of Thiers when the constituent Assembly is elected.

LONDON, August 24.—The *Times* has a special dispatch from Paris to the effect that discussions upon the question of dissolution of the Assembly are exciting and that conflict is apprehended and grave consequences are probable.

Flood in Hungary.

LONDON, August 24.—Fearful misery prevails in Southern Hungary. One-third of the country is under water. In consequence of bad administration, dams were allowed to fall into ruin, thus flooding extensive tracts of land reclaimed during the reign of Maria Theresa, and made fruitful with grain. Added to this, are unusual storms for this season and severity of the Government in collecting arrears in taxes. Vineyards, grain fields and trees even have been stripped of their leaves. Government is seizing for taxes the cattle of peasants. Some villages owe an amount of arrears greater than the value of their whole property. Agriculture, trade and industry in general are ruined and famine impending.

Bismarck's Policy.

LONDON, August 24.—London *Echo* dispatches from Vienna state that Bismarck's overtures aim at more than the Roumanian railway. Gortchy, another of the English foreign office has been ordered to watch proceedings at Bucharest.

Lightning struck a church at Bologna, Italy, killing and injuring 32 inmates.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, August 24.—The failure of McDonald & Whitney, leading stock operators, has been a matter of considerable comment on the street to-day. It is generally attributed to being caught short on Yellow Jacket. The amount of liabilities is variously estimated. It is supposed the firm will compromise and resume business soon. Operations in the Board were considerably contracted by this event to-day.

Wm. Milner, an employee on a milk ranch near the Twelve-mile House, while going home at post last night was knocked down with a slungshot and nearly killed and robbed of one hundred and fifty golden shekels and a watch. He was found in the morning insensible, his teeth knocked out and terribly disfigured.

The operations of what is evidently a new gang of burglars in various parts of the city, are of nightly occurrence, and as yet the police are unable to obtain any clue to them. The gang is supposed to have arrived recently from England or Australia.

The California Pacific Railroad Company commenced suit to-day against the city and county of San Francisco and the county of Alameda, to interplead and settle the question of boundary between the two counties. The tax collectors of both counties have demanded payment of taxes on the depots and improvements at the end of the short approaches to Oakland, Encinal and the company offer to pay the money into court, and have the question authoritatively decided.

The important case of E. R. Carpentar, administrator of the estate of Catherine Hayes, vs. C. J. Bonham et al., involving the title of a large tract of land in the eastern part of the city of Oakland, was submitted for decision in the 12th District Court to-day.

INTERIOR CALIFORNIA DISPATCHES.

LOS ANGELES, August 24.—The steamer *Orizaba* sailed from San Pedro, bound for San Francisco, with the usual shipment of wine and honey and 43 tons of base bullion, yielding 144 ounces of silver to the ton, from Union milling works.

Cerro Gordo miners of San Gabriel canyon and vicinity, held a meeting last evening and revised their old laws, reorganized a district to embrace the old mining grounds on the river and its tributaries.

A party of prospectors left here to-day for Arizona.

NEVADA.

Dispatch from Winnemucca.

WINNEMUCCA, August 24.—The cattle which were driven from here on the 15th inst. by Indians have been recovered. The Indians finding themselves closely pursued, abandoned their plunder and fled to the mountains.

Wells, Fargo & Co. shipped to-day 24 bars of bullion from Silver City, Idaho, valued at $35,749.

Weather very warm.

Cholera at Virginia City.

VIRGINIA CITY, August 24.—Banks Jameson, Wells, Fargo & Co.'s Express Messenger in this city, died suddenly this morning. Doctors Bronson and Aitchison, in attendance, state that the symptoms of his case were identical with those of Asiatic cholera. Cholera morbus is becoming very prevalent here.

RENO, August 24.—While workmen were engaged this morning in placing one of the large timbers used in the construction of the Virginia and Truckee railroad bridge, by some means it slipped and crushed the ankle of one of the employees, leaving him permanently disabled.

This evening several men were engaged in transferring a large casting from the cars to a wagon by means of a derrick, when it broke, and the casting, weighing 2,000 pounds, fell upon Mr. Bubby bruising him severely. He may possibly recover.

Weather extremely sultry.

OREGON.

One dollar is the price paid for wheat at Salem.

The Salem mills have received 10,000 bushels of wheat this week.

The main building for the agricultural works at Salem will be 108 feet long, 80 feet wide and three stories high.

The house, barn and orchard of a man named Wansell, on Pudding river in Marion county, were destroyed by fire on Monday. Loss, $3,000.

The *Statesman* joins the OREGONIAN in calling for proofs of alleged defalcations by the late administration of this State. If demands of the Democrats that they produce the proofs of theirs shut up.

STRENGTH OF THE CONSTITUTION.—Mr. Alexander H. Stephens continues his anathemas against the Fourteenth and Fifteenth Amendments. He not only proclaims them to be invalid, but denounces them as frauds to which nobody ought to submit. A small clique at the South regard Mr. Stephens as a great constitutional expounder, second not even to Daniel Webster, while his solicitude for the integrity and supremacy of the Constitution does credit to the North appreciates. Some day when he is overwhelming that instrument, we hope he will carefully peruse Article 6, section 3, wherein it is laid down that "treason against the United States shall only consist in levying war against them, or in adhering to their enemies, giving them aid and comfort, and that "Congress shall have power to declare the punishment of treason." After he has carefully studied these terms, we beg leave to refer him to section 1 of the act of Congress of April 30, 1790, wherein it is provided that any person convicted of treason as thus defined in the Constitution, shall suffer death."

We also remind him that the statute of limitations does not run in favor of a traitor. After copying the example of the late Capt. Cuttle by making a note of reference, we respectfully ask Mr. Vice-President of the late Southern Confederacy to tell the American people what right he has to regard himself as alive, with the privilege of revisiting the glimpses of the moon, and uttering a ghostly creed against the Constitution as it is and the new Departure of the living Democracy. In Macbeth's time, when men's brains were out, they used to regard them as dead.—*N. Y. Sun.*

FRIDAY MORNING, AUGUST 25, 1871.

The Olympia Land Office.

"Our neighbor," says the *Herald*, "shall not escape the consequences of his party's sins by a simple denial." This is said in reference to the alleged defalcation at Olympia. We have made diligent inquiry in regard to this matter, and feel confident that no defalcation exists, and that the Government has lost not a dollar. But we have heard of other circumstances connected with the affair which, if true, are damaging to the parties concerned, and so reprehensible that we cannot pass them over in silence. It is said that the Receiver in the Land Office at Olympia some time ago permitted certain parties to make use of a portion of the public funds in his charge for purposes of speculation, and that as much as $25,000 thus wrongfully and unlawfully passed out of his hands. It is also charged that Gov. Salomon was one of the parties who had the use of a part of these funds. The money, however, was restored, on demand, to the custody of the Receiver, and none of it was lost. This is the story as we hear it. Now we are as far as the *Herald* can be from commending anything of this kind. Diligent inquiry should be made into this case by the proper authorities, and if the statements alleged are substantiated, all who were concerned in the transaction should be punished. Men who would thus unlawfully use the public funds should be dismissed from office; they are not men to guard the public interests. The laws prescribe severe penalties for such an act, and if the parties are guilty the penalties should be enforced. No excuse should be accepted in exculpation. If there is anything in the charges which have been made, we trust the grand jury at Olympia will take hold of the matter at its first sitting and indict the parties. It is fortunate that no money was lost, but that is no defense for the accused. And now we hope that the *Herald*, which is able to give many long articles about a defalcation that did not occur, though the parties are alleged to be guilty of an act which, if they committed, should cause everyone of them to be removed from office and to be prosecuted besides, will find room to denounce the prodigious frauds, amounting to millions on millions, perpetrated at New York by the leaders of the Democracy of the United States. At present that paper seems to think that an alleged defalcation of $25,000 by a small office holder of the Republican party, even though no money is missing, is quite enough to offset the astounding frauds, footing up ten millions of dollars, which have been incontestably proven by the New York *Times* against the Tammany Democracy. Hence our neighbor expends all his indignation in the direction of the Olympia Land Office. We would not seem captious or hypercritical; yet might not our neighbor better direct a portion of his energy against the Tammany gang, or devote it wholly to the production of those inimitable essays of travel by rail the piety across.

The Tammany Thieves.

The *Staats Zeitung*, the leading Democratic paper of New York, continues its attacks on the Tammany thieves. It alludes to the immense number of persons that Tammany keeps on the city's pay rolls for party purposes, and urges the publication of the names. Many of them, it thinks, would be glad to return to the city treasury what they have received, rather than see their names too prominently before the public.

The *Times* also throws another tremendous bombshell into the city government in the shape of an alarmingly long exhibit of richly salaried sinecures. It shows that the salaries paid to supernumeraries who are pretendedly employed about the several Courts of the city (exclusive of Judges' salaries) foot up $412,895.76 per annum. These persons are paid large salaries, and at least two-thirds of the whole sum goes to the leaders of the ring for party and other purposes. Fictitious names are often used, and the salaries alleged to be paid goes wholly into the hands of agents of the ring. The *Times* does not let the matter rest, but keeps after the Tammany thieves with an enterprising ardor that is edifying to witness.

Messrs. Tweed, Hall and Connolly, the chief New York thieves, must content themselves with the whitewashing performed at so high a price paid by their friend, Mr. Garvey, through whom they have stolen some millions, since the Chamber of Commerce declines to whitewash their characters. The public will be satisfied with nothing but the accounts so long illegally withheld, and though promised not yet produced. The French and German Democratic papers published in New York have turned against the ring, as have also some of the Democratic papers in the West. With the exception of their paid organs in New York, Tweed & Co. have no defenders, unless we count their voluntary apologists in Oregon.

The New York *Tribune* says of the recently appointed Commissioner of Indian Affairs: "He is strongly in sympathy with the Indians, and he will find considerable embarrassment in dealing with them, as he will frequently have to operate against his feelings in order to carry out the provisions of the present Indian laws." It is well for him to be in sympathy with the Indians; yet we trust his feelings will not hinder him from taking a practical view of things, or from looking at the Indian as he is.

The Scott centennial celebration at Edinburg was a grand affair. A procession, which was of immense length, started at noon accompanied by bands to represent characters in Scott's novels, and marched through the principal streets of the city. The monuments were festooned with evergreens and flowers. American flags and the motto of the Scott family, "Watch well," were displayed everywhere.

The new editor of the *Herald* is writing a series of articles, giving an account of the momentous incidents of his trip hither. At the end of his last article he says: "We shall stop this series of numbers whenever we see any sign of disapprobation." We beg the public to withhold the sign. Let the children in the nursery have something for their amusement!

Frank Blair has come out in favor of B. Gratz Brown, of Missouri, for Democratic candidate for President. Blair is satisfied that Brown is the "only man for the contingency." Having been a thorough Radical, a war man and a negro suffragist, he could, so Blair thinks, get many Republican votes. But could he get many Democratic ones?

On the 12th inst. Senator Schurz delivered a speech to the Germans of Chicago. His remarks showed that on all questions of party principles he is in full accord with the Republicans.

PACIFIC COAST DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Aug. 24.—The J. H. Cutter whisky brand embroglio is further complicated by a suit commenced to-day by John F. Cutter, of Hollis, N. H., against Moorman, et al., who are plaintiffs in the suit now being tried against parties shipping whisky here under similar brands. Cutter claims that the brand belonged to his deceased father, and that the present claimants of the brand appropriated it without consideration. He asks that they be compelled to pay him $50,000, and ordered to account to him hereafter for all profits from the brand. Moorman and associates claim that they bought the brand of the original owner for $10,000, five days before his death, and paid the money to his estate.

The British ship *Lady Cairns* cleared this evening for Liverpool, with the fourth cargo of this season's wheat crop.

The Central Pacific Railroad Company are making arrangements to send forward East the entire cargo of 1,500,000 pounds tea expected here by the extra steamer, *Alaska*, early next week, as quickly as it can be hoisted out and transferred to the cars. This will be the best possible demonstration of the superiority of this route over the Suez Canal or Cape route.

Attendance at fair falling off a little.

The funeral of the late Don Abel Stearnes will take place under auspices of the California Pioneers from St. Mary's Cathedral, and the body will be deposited in the vault of the Catholic cemetery at Lone mountain until the tomb has been prepared for its final reception at Los Angeles.

Ship *John Joy* and bark *Moneynick* have arrived from Seattle.

The Metropolitan theater is being renovated.

To-day, the work of placing in position the iron ribs and rim of the dome of the State Capitol was completed. In another month the dome will be sheeted and coppered, when the top circle of twelve iron columns will be laid and the surmounting cap put on. Three hundred and twenty names are on the pay roll at present.

Rev. Dr. Harris, Missionary Secretary of the Board of Missions, arrived to-day from New York.

The M. E. Conference met at the appointed hour this morning. Bishop Janes presiding. Religious services were conducted by Rev. J. W. Hunniman. After transacting the routine of business, the Conference was addressed by Revs. Curry, Stevens and Harris. Their remarks produced a deep impression. About ten more names of members were added to the roll to-day.

By resolution, the Conference assumed the payment of $5000, part of the indebtedness of the general missionary treasury. They also appropriated $400 toward defraying the expenses attending the next General Conference.

The following resolution was adopted relative to affairs of the Methodist book concern in New York:

Resolved, That it is the sense of this Conference that some provision should be made for a more thorough and definite supervision for our publishing interests; also, another, that there should be a local committee for supervising our publishing interests on this coast."

An educational meeting was held to-night and addressed by Rev. Dr. Sisez of University of the Pacific, Rev. L. C. George of Napa Collegiate Institute, and Rev. W. C. Damon of Corinne.

INTERIOR CALIFORNIA DISPATCHES.

PLACERVILLE, August 24.—L. D. Wickes, the unsuccessful aspirant for the position of Register of the Sacramento Land Office, is holding forth at the theater to an audience of less than one hundred persons, drawn together by circulars and a fine band of music to hear his expose of the misdeeds of the present Register. It looks some as if his Republicanism was about to clog over.

SACRAMENTO, August 24.—A melancholy accident occurred at a late hour last night, at the residence of R. L. Murphy, of the firm of O'Correll & Co., by which his infant daughter was so severely burned that she died within four hours thereafter. By some means the mosquito bar of the child's bed caught fire, and before the terrified mother could snatch her infant from the flames, it was fatally burned. Mrs. Murphy, in her efforts to rescue her child and smother the flames, had her hands and arms so terribly burned that months must elapse before their use is restored. Mr. Murphy was absent at the time of the accident, acting doorkeeper at a Catholic Fair.

SAN JOSE, August 24.—A magnificent demonstration in honor of Newton Booth, came off here to-day. The procession of crowded teams, gaily decorated with flags, was over a mile in length, escorting Booth from Martinez. Farmers, miners and families are present from all parts of the country. Over 2,000 people listened to speeches from Booth, Eastman and Sargent. Great enthusiasm.

At the trot at the Agricultural Park to-day for $1,000, seven horses started viz: Forrester, Traveler, Highland Mary, Mary Howard, Eclipo, Fred and Sisson Girl, mile heats 3 in 5. First heat won by (Sisson Girl. Time—2:42½, second, same, 2:41½; 3d, Mary Howard, 2:40½; 4th, same, 2:40½; 5th, same, 2:43. The Sisson Girl was favorite in the pools. Attendance large and cattle display very fine. For the race to-morrow May Ely is the first favorite and Dexter second.

The speech of Hon. John B. Felton at a Republican meeting at Oakland last night is admitted to have been the ablest delivered during the campaign on either side. He will, by invitation, speak here next Tuesday. The Republicans will have another large meeting to-morrow night.

MARYSVILLE, August 24.—The Republicans are holding a large and enthusiastic meeting here this evening, and are being addressed by Hon. William G. Morris and Hon. Henry Edgerton. Mr. Edgerton is now delivering the best and most effective speech delivered during the campaign. The Republicans have a train of thirteen cars on the Central Pacific railroad engaged to convey those wishing to attend the meeting to be held in Sacramento to-morrow night. A delegation consisting of three car-loads is expected from Oroville to join our excursion to Sacramento. The Republican Club of Marysville, consisting of about 250 members, will go to Sacramento with torches, caps and capes, accompanied by the Marysville brass band.

A Party Adrift!

The eternal nature of Democratic principles obtains a new illustration in the State of Wisconsin. In that State not only is the "new departure" accepted, but a candidate is nominated for Governor who has, until recently, been one of the most forward and radical of Republicans. So it is everywhere. Democrats not only abjure their principles, but take up renegade Republicans for candidates, not daring to appear before the people either with a platform embodying the doctries which the party has heretofore contended for, or with a candidate who is distinctively a Democrat, and who has maintained a Democratic record. If this does not illustrate the "immutability" of the "time-honored principles," we should like to know what could.

Rarely has the spectacle been presented of a party so utterly without a common principle of action, so hopelessly befogged, so completely nonplussed, so wholly at sea without chart or compass. Were it not that in the nature of things there must be an opposition, the party would inevitably disband and give up everything like associated action or combined effort. Recognizing the fact that it cannot win by adhering to its own ground, it essays to climb up as far as it can toward the heights occupied by the Republican party. The only reason it can give why the people should trust it is that it has taken some steps toward the safe doctrines of the Republicans; that it accepts what the Republicans have done and promises not to disturb results which Republicans have brought about. But the question right here arises, If the Republican *regime* is to continue, might not the control of affairs as well remain in Republican hands? This is an inquiry which many Democrats propose to themselves when asked to become enthusiastic for the "new departure," and to shout for candidates taken from the disaffected of the Republican party.

A platform made up out of the old timber of Republican platforms of years ago, and caulked and thatched with the rags and tatters of Republican old clothes, with candidates selected from among apostates of the Republican party, seems to be just the thing to please the "Democracy" these times. Look at their action in Wisconsin, where they have adopted the "new departure," and nominated ex-Senator Doolittle for Governor.

Says the Marysville (Cal.) *Appeal*: "The Democracy are terribly durked over the speech of Senator Williams of Oregon, delivered in Platt's Hall, in which he handled Senator Casserly without gloves. The *Examiner* now calls upon Casserly to 'avail himself of this occasion' to respond, but Eugene does not rush impetuously forward, but on the contrary, keeps unpleasantly quiet, greatly to the disgust of the Democracy. The fact is, he can't reply, and hence—he won't."

REMARKABLE CURE OF MRS. HOOVER.

TUALATIN PLAINS, WASHINGTON Co., OREGON, July 22, 1871.

DR. A. M. LORYEA—I have been troubled with Rheumatism for the past *twelve* years; my joints, especially those of my feet and hands, were badly swollen, so that I could with difficulty go around. My shoulder pained me a great deal and a LAME KNEE SWELLING grew out so that I could not raise my hand to my head.

Since last spring I have been taking your "Uncle Wood Remedy," and find myself much improved. The shoulder and pain has left my joints and shoulder, and with your ointment has entirely disappeared and I use my limbs and am far better than I have been for years.

European and Oregon Land Co.,

PORTLAND, OREGON, August 1, 1871.

THE COMPANY IS NOW PREPARED TO EXTEND the pre-emption privilege of purchasing Railroad Lands in advance of the same being placed in market to all parties desirous of securing them on the following terms:

The applicant files in this office a claim in the form prescribed, to-wit:

Pre-emption
Date, No.——

To the Land Agent of the European and Oregon Land Company:

Sir: You are hereby notified that I have settled upon and improved (description of land) in the county of State of Oregon, containing —— acres, and that I claim a pre-emption right to purchase said lands at the Company's price, in accordance with the following resolution of the Directors of said Company, adopted on the twenty-sixth day of May, A. D. 1871, to the terms of which I hereby fully assent:

"Resolved, That the parties settling upon and improving any of the lands of the European and Oregon Land Company, before the same are opened for market, shall be entitled to the pre-emption privilege of purchase on the same terms as the Company would sell the land for without improvement, and shall be subject to the same conditions of payment, as all other lands belonging to the Company, when brought into market; provided, such settlers shall file in the Land Office of said Company, written application, giving notice of such settlement, and shall accept the privilege upon the condition that when the price of the land shall be fixed, notice thereof shall be sent by the Company's Land Agent, through the Postoffice, or otherwise as may be convenient, to the residence of the party claiming the pre-emption privilege, and if the land is not purchased by the said party within sixty days from the date of such notice, the Company will be at liberty to sell the land to any other person."

(Name of applicant.)

(Postoffice address.)

When the application is received, a certificate, signed by the Land Agent, obligating the Company to the terms, will be sent to the claimant in the following form:

PRE-EMPTION CERTIFICATE, NO. ——.

This is to certify that ——, of —— county, State of Oregon, has this day filed in this office a pre-emption claim to (description of premises), and is hereby entitled to the first privilege of purchasing said land at the Company's valuation, (which is to be made without reference to improvements) when the same shall be placed in market, in accordance with a resolution of the Board of Directors of said Company, adopted May 26, A. D. 1871.

When the price of the above-described land is fixed, notice thereof will be sent to the party to whom this Certificate is issued, and if the land is not purchased by the said party as the holder thereof within sixty days from the date of said notice, the Company will be at liberty to sell the land to any other person.

(Signed) ——
Land Agent of the E. & O. Land Co.

The lands will be appraised by a competent, disinterested party, under oath, at their actual present value—no fancy or prospective price put on the lands of either the vicinity, and when appraisement is made they will be sold in quantity not exceeding one hundred and sixty acres to one person, payable in five equal annual instalments, with interest from date of contract, at ten per cent per annum, principal and interest payable in United States Legal Tender Notes. Warranty deeds given after United States Patent issues, upon payment in full.

Blank forms of application furnished upon request.

PATENTED

PETROLEUM FLUID

Perfectly FREE from the Danger of Explosion.

THIS FLUID, AFTER YEARS OF PATIENT EXperiment, and the expenditure of over one hundred and fifty thousand dollars, has been produced by R. F. DANFORTH, of Cleveland, Ohio, and has been introduced with perfect success.

IT CANNOT BE EXPLODED in a lamp, or in any way, or by any known test.

IT IS FREE FROM GREASE AND FILTH, and will not injure the finest fabric.

IT IS FREE FROM ALL DISAGREEABLE ODOR, and in this respect is preferable for a night lamp.

It gives a purer, more brilliant, and at the same time softer light than any oil or fluid in use, and is fully equal to gas light.

IT DOES NOT SMOKE THE CHIMNEY in the least.

A gallon of it will burn as long with the same height of Blaze as Kerosene.

It is more easily extinguished, when ignited, than Kerosene.

It is strictly pure, containing no mixtures or chemicals, burns in an ordinary Kerosene lamp, with simply chonging the burner, with or without a chimney.

THIS FLUID is now on Exhibition at the

TO HOUSE BUILDERS & PAINTERS

"AVERILL CHEMICAL PAINTS."

THESE PAINTS ARE SO WELL KNOWN throughout the Atlantic States and their reputation so abundantly established for

Beauty, Permanence and Economy

That we can confidently recommend and guarantee an entire satisfaction in their use.

THEIR COST is less than pure leads, and covers one-fifth more surface. Being them the most economical Paints in the market.

THEIR DURABILITY is unquestioned. They dry hard with a smooth and glossy surface and will not chalk, crack or peel off.

THEIR ADAPTABILITY.—They are ready for mixing and ready for use and require no oil, turpentine or dryers. Are sold of any desired shade, by the gallon only.

Testimonials:

Gen. James S. Negley, M. C., Pittsburg, Pa., writes Nov. 10, '70: I have no hesitation in recommending the "Averill Chemical Paints" to those who regard economy and durability. It weathers our smoky atmosphere better than any Paints I have tested. The colors are rich and variable. Altogether I find them the CHEAPEST AND BEST.

"JACKSONVILLE, FLORIDA CUSTOM HOUSE.—It looks as fresh and glossy as when first applied. I do not believe any LEAD AND OIL CAN EQUAL IT.

WM. P. DOCKRAY."

I have carefully compared the cost and merits of the Averill Paints with White Lead and Oil and find 99 cents per gallon in favor of the former.

GRAY'S

MUSIC STORE!

The Daily Oregonian.

FRIDAY MORNING, AUGUST 25, 1871.

CITY.

ORGAN ASSOCIATION.—We have received articles of incorporation and By-Laws of the Oregon Piano Forte and Organ Association, incorporated August, 1871. They are printed in neat pamphlet form, and issued from the office of Messrs. Himes & Bashaldar. The officers of this Association are: President, W. T. Shanahan; Treasurer, John McCraken; Secretary, R. Bassett. The following is a brief extract taken from the "Introductory Remarks:"

"The beneficial results growing out of Homestead Associations, Building and Loan Societies, and other like organizations, has long been known to the public mind, and are justly considered of vital importance to a new and growing country. * * Believing that much good can be effected through the agency of wide and extended musical advantages, this incorporation called the Oregon Piano-Forte and Organ Association, have perfected ways and means, whereby every family may obtain a first class instrument through the easy method of monthly installments, which have been fixed at the usual price heretofore paid for the rent of a piano or organ. By this installment plan, rents can be easily abolished, and every dollar paid into this Association, will be as secure and well invested, as if deposited with a savings bank. Hundreds of persons in this State have already paid out for piano rent, money enough to purchase to purchase the instrument, twice over, and still the ruinous drain continues, and would continue, were it not for the timely help of this Association."

CHANGE OF GRADE ON FOURTH STREET.—The following letter from the President of the O. & C. R. R. Co., relative to the much agitated subject of the change of grade along Fourth street, appears in one of the city papers:

There being apprehensions as to the liability of the Oregon Central Railroad Company, under the proposition of H. Thielson, Chief Engineer of the road, to make the necessary repairs and grades as stated in his proposition to the Common Council, I hereby guarantee as President of said Board, and individually, that all such improvements shall be made at the expense of this Company. BEN HOLLADAY.

Portland, August 24, 1871.

FOR THE FAIR.—Messrs. Everding & Farrell, produce dealers of this city, forwarded by the *John L. Stephens* yesterday evening, a glass jar filled with a fine sample of Oregon winter wheat. This wheat was raised on the farm of C. W. Purden of Centerville, Washington county. The product of a field containing fifty acres was 1,650 bushels—an average of 33 bushels per acre. The entire crop was purchased by the same firm who have forwarded the sample of wheat. The jar and its contents is to be exhibited at the San Francisco Mechanics' Fair. Who will follow this example and send at once, some other sample of the productions of our fertile State? Who will respond next?

DEAD.—William P. Patton, son of the proprietor of the Patton House, died at the Dalles on yesterday from the effects of a paralytic stroke. His remains were brought to the city on last evening's boat and will be buried to-day. Deceased was a member of Protection Engine Co. No. 4.

Thomas Glenton, an old and well-known citizen of Portland, died at his residence yesterday morning after a long and painful illness. He was an exempt member of Engine Co. No. 3.

In honor to the memory of these departed firemen, the flags at the different engine-houses were displayed at half mast.

CORNER STONE.—The corner stone of the new penitentiary at Salem was formally laid yesterday afternoon. For information sake we would like to know what articles were deposited in the hermetically sealed box, and to what use or future service the building was consecrated. Certainly the Raccoon Brigade who witnessed the imposing ceremonies "from afar off," and who are designed to seek shelter behind its massive walls, will not burden the air with their prayers and benedictions that the structure may rise with "all expedition and without accident."

NOT FLATTERING.—Mr. and Mrs. F. M. Bates are now playing a season at Los Angeles. The papers of that place do not speak flatteringly of either the houses or performers. The opening piece of the season (*Caste*) was pronounced a failure. Mr. Bates and wife are regarded as fair actors, but the remainder of the troupe are "dead weights." From this town of the press, it is more than probable that the season at Los Angeles will not prove remunerative to the engagement.

CAUGHT ON FIRE.—The steamer *Fannie Troup* caught on fire on Wednesday, as she was on her up trip to this city. The fire originated from the precaution not having been taken to place the ash-pan under the furnace. The fire was timely discovered and extinguished. The defect was remedied yesterday evening, and no occasion will again present itself when a fire can be caused by the same circumstance.

FINED AND DISCHARGED.—Ann Waldron, noted soon as a violator of law than a supporter of it, was up before Judge Denny yesterday on three several charges—one drunk and disorderly conduct, one assault, and one larceny. She was fined for the first two charges $10 each, which she paid. The evidence being insufficient on the last charge, she was discharged.

TO OAKLAND.—We learn that Mr. Hallett, Superintendent of construction on the Oregon and California railroad, is hiring all the men he can procure. He has given assurances that the road will be in running order 150 miles from Portland, or within three quarters of a mile of Oakland, by January 1st, 1872. The advance graders are at work on Pass Creek.

LOCOMOTIVE.—The work of hoisting the locomotive from the deck of the bark *Welfoot* to the new wharf below the boneyard necessarily proceeds slowly. The distance is about twenty feet and the locomotive can only be raised by the tedious method of blocking. It is probable that the locomotive will be landed on the wharf today.

FREE FIGHT.—A sort of free fight occurred at one of the hotels of the city last evening. Nothing serious resulted, save a few scratches, a badly demolished shirt and coat, and a black nose and a bloody eye. No arrest was made; the difficulty having all subsided before the police were aware that any "unpleasantness" had occurred.

BURNED.—The bridge on the Vancouver road was destroyed by fire on last Wednesday night. The fire had been raging in the woods adjacent to the bridge during Wednesday, and communicated with the bridge some time at night. Loss estimated at $500.

UNDER CHARTER.—The bark *Welfoot* is under charter for San Pedro. She will take a cargo of lumber from Comentville, to which place she will proceed as soon as the railroad iron for the North Pacific Railroad has been discharged at Kalama.

PRESENTED.—The Captain of the *Welfoot* was presented with two elegant signs, painted for his vessel by the passengers who came up on her last trip. This is a testimonial of the appreciation in which he is held for gallant and official conduct.

SMOKE OFF.—When the *Dixie Thompson* left Astoria yesterday, no barks were seen off the bar. A dense cloud of smoke hangs over the mouth of the Columbia river and along the coast, and prevents vessels from being seen far at any distance.

WARM.—Yesterday was among the warm days of this "heated term." The effects of the heat seemed to be intensified by the clouds of smoke which hung over the city, and lent a gloomy aspect to everything the eye could rest upon.

BOUND EASTWARD.—The petition which has been in circulation in this city to secure a visit from Mrs. Cady Stanton, will certainly fail in its object, as that distinguished lady is announced as having started eastward several days ago.

EAST PORTLAND FESTIVAL.—The ice cream festival and concert given at East Portland in the Odd Fellows' new Temple on last Wednesday evening, drew a large attendance. A considerable sum was realized.

LECTURES.—Mrs. Carrie F. Young will lecture on the subject of temperance at East Portland this evening. She will speak once more in this city, at the Court-house, before her return to California.

THE "HAYWARD."—This new boat is rapidly approaching completion and will be ready to take the line in about two months.

CLIPPINGS.

[From the New Northwest.]

We learn that a fire started in an old fir tree in Benton county a few days ago, came near causing a great loss of property and crops. It destroyed several hundred yards of fence and some fruit trees on Judge Thornton's farm. Mrs. Thornton and scores of neighbors succeeded in extinguishing the flames.

Prof. J. B. McGilbony and wife, of Portland, are giving concerts while taking a recruiting tour.

Junction City is the name of a new town selected for the junction of the East Side and West Side railroads through the Willamette valley. It is situated in Lane county, three miles south of Harrisburg, on the west side of the Willamette river, on the line of the O. & C. railroad.

The Albany Collegiate Institute will commence its yearly session on the 4th of September next. The school will be under the charge of Professor Warren, late of Portland.

The Willamette is unusually low for this season of the year. Boats are only running to Salem, except the *Shoo Fly*, which makes Albany once a week.

Mrs. Laura DeForce Gordon departed overland for California on Saturday of last week, after having, in her hurried visit through the State, favorably impressed the people everywhere with her sterling worth and genuine ability.

DETAINED FOR POSTAGE.—The following letters are detained at the Postoffice in this city for want of postage; J S Roberts, San Francisco; C Ehlert, St Paul, Minn; Miss Nannie Barker, Philadelphia; G W Brady, Vancouver; W Armstrong, San Jose, Cal; *Democratic Era*, East Portland; Mrs Mary Lockwood, Peakin, W T; D Comochar, Harrisburg; A Z Cherry, Albany, Ogn; James Matney, Boot Creek; Thos Obrim, Long Hollow, Ogn; Wm Wilcox, Scotts, Ogn; Mrs E A Gross, Lowell, Mass; T Baldwin, Salem, Ogn; R Hendrie, Portland; J Duer, New York city; C A Reed, Salem, Ogn; I Frost, Bueyrus, Ohio; Miss C Merriman, Jacksonville, Ogn; H S Franklin, Portland; B O Severance, Springville; Miss L Whipple, Vancouver; A G Cook, Vancouver; J Perkins, Eugene City; E Mathiot, Buttevill, O; F Sohrr, San Francisco, D B Norris, Washington, D C; *American Agriculturist*; Mrs F A Smith, San Diego, Cal; John Burr, Baker City; N Peal, Portland; D Scarder, Kalama; Mrs N E Wisner, Lebanon, Ogn; H E Harris, Harrisburg; C N Ferry, Salem; W East, Portland; A B Grasey, Portland; Albert Welch, Kilchetat; W T; Mrs A Humph, Philadelphia; A Caroibero & Co, Albany, Ogn; Miss Sarah Bean, McMinnville, Ogn.

PASSENGERS BY THE JOHN L. STEPHENS.—This steamer sailed last evening at 7 o'clock for San Francisco. The following passengers went below: Mrs Grace Dyer, Miss E Reno, A L Stinson, Mrs Ish, Mrs Thompson, Geo Rowell, wife and sister, M Myer, D C Sargent, George H Clark and wife, Gen Alexander, Jno Saxton and wife, N Baum, B Brenner, L Kerr, Mrs Ash and boy, John Heitsman, J Lowenberg and wife, J W Larnoch, John Law, C D Chapman, W Chisman, Mrs White, Miss S White, Miss Nellie Melville, F L Ayer, J Quinn, J B Blanchet, B Blumauer, O G Cole, Rev W F West, Lott Day, T B Dinier and wife, T A Dougherty, A A Folsom, L M Smith, M Ainsa and wife, J W Gaines wife and four children, Wm Law, H K W Clark, Martin White, Mrs Mary Kane, A Grienner, E D Towle, Mrs Barnard, Mrs O R Story and two children, John O'Neil and wife, E Hirsch, Judge Miller and wife, A D Wildey, J H Hill, I Barman, W H Pratt, A White, H Akerman, M O Hicks, Dr. Denicke, J Jones, L Larnich, J Hutchcroft, C Schisley, R M Wilbur and wife, Miss Annie Burkhardt, Mrs Gallagher and child, Mrs H Rogers, A C Rand, Rev L N Saintenge, H Young, E Vaughter, D E Rice, Jas White, Mrs M Kingsland, J D Dement, wife and boy, E Caballo, Geo Hartman, O Boyer, M Markham, F Egerton Hegg, Geo Hart, Ed Farrell, John Vogel, E White and 17 in the steerage.

MEETING OF THE COMMITTEE.—At the meeting of the committee last evening to make arrangements for the coming Firemen's parade, the following business was transacted:

The Committee on Collation reported that they had consummated arrangements with Pierre Mascelt to give the collation on the O. S. N. Co's wharf.

The Committee on Invitation reported that the invitation had been accepted by the fire company of Astoria, and that a delegation of twenty-five members would participate in the procession.

A communication had been received from Walla Walla, and the Department would be represented by the Assistant Engineer, J. N. Bushnan.

The fire company of Vancouver would attend in full force—about thirty members.

The Committee on Finance reported that an appropriating of $500 had been made by the city to defray all expenses.

On motion the Secretary was instructed to purchase a book in which to keep a record of the proceedings.

The committee then adjourned to meet again on next Tuesday evening to make further arrangements.

COURT PROCEEDINGS.—The following proceedings were had before Judge Upton, in Chambers, on Wednesday last:

Blakely vs. Blakely; the plaintiff in this cause applies for an order to restrain the defendant from taking an infant child from the jurisdiction of the Court; the order as applied for was granted.

Some Chinamen, who were placed under bonds some time past to keep the peace, applied for a writ of review to liberate them from their bonds, as the proceedings were irregular; the application was denied and the proceedings of the lower Court was held to be regular.

NON-EXPLOSIVE FLUID.—We were called upon a few days ago to witness some experiments made by Mr. E. C. Hoadrick, at No. 129 First street, with Danforth's non-explosive fluid. Our surprise could be imagined at seeing an open lamp ignited at the top and a stream of the fluid poured into the lamp while burning. The fluid is as non-explosive as water, and given out a steady, brilliant light. It burns freely and creates neither smoke nor smell.

ANOTHER INMATE.—Another insane man was placed in the Asylum yesterday. He was a resident of Jackson county, and arrived in custody of the Sheriff of that county.

APPROPRIATED.—The City Council appropriated on Wednesday evening $500 out of the city funds to defray the necessary expenses of the Firemen's Anniversary.

CLOSED.—The water mains along First street from Morrison street north to the limits of the pipes, were closed last evening at 10 o'clock, but will be opened again to-day at 4 o'clock.

COMMENCED.—The case of Tichenor *vs* Marks on the charge of assault, was compromised in Justice Moreland's court yesterday, by the defendant paying all costs in the case.

FINED OR COMMITTED.—Judge Denny fined or committed to jail yesterday morning five "loose fellows of the baser sort" for drunkenness and disorderly conduct.

WILL CONVENE.—The Supreme Court for the State of Oregon will convene on the first Monday in September.

GONE TO SEA.—The bark *Rival* put to sea a few days since, having completed her cargo at Cementville.

WEIGHT.—The weight of the locomotive which was brought up on the *Welfoot* is 42 tons.

NEW WHARF.—The new wharf of the Portland Gas Company is completed.

DISCHARGED.—The ship *Niobe* is discharging railroad iron at Kalama.

HAY.—Large quantities of hay were sent up by railroad yesterday.

TEMPERATURE.—The thermometer stood 90° in the shade.

NOTICE.—A special meeting of Protection Engine Co. No. 4, will be held in their Hall this (Friday) morning at 8 o'clock, to attend the funeral of our late fellow member, W. N. Patton. A punctual attendance is required.

The respective companies of the Department are invited to attend the funeral this morning at 9 o'clock from the residence of Dr. Patton, Third street, near Madison. By order of the President.

Neglected Coughs and Colds.—Few are aware of the importance of checking a Cough or "Common Cold," in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon preys upon the Lungs. "*Brown's Bronchial Troches*" or Cough LOZENGES afford instant relief.

Owing to the good reputation and popularity of the Troches, many *worthless and cheap imitations are offered*, which are *good for nothing*. Be sure to obtain the true "*Brown's Bronchial Troches*." Sold everywhere.

PERSONAL.

By the steamship *John L. Stephens* last evening there departed the following persons: Messrs. A. L. Stinson and E. D. Towle, who are en route for Chicago to attend as Representatives of the Grand Lodge of Oregon, at the National Grand Lodge of the Independent Order of Odd Fellows of the United States at its coming annual session at Chicago.

Mr. Geo. P. Rowell, the great advertising agent at New York. Accompanied by his wife he has been making a pleasant tour of our State, and now returns East.

John O'Neil, who goes to San Francisco to lay in a large and suitable stock of goods for the fall trade.

Gen. Rufus Saxton, who, at his own request has been ordered to report at Washington to have his accounts settled with the War Department. He is accompanied by his wife who is in a very feeble condition of health.

Judge Miller, of the Supreme Court of the United States. Mr. Miller and wife came to this State with Hon. J. A. Bingham, and have just returned from an extended tour to Puget Sound and environs. He is on his way to his home in Washington.

AMUSEMENTS.

THE RINK.—This place was well patronized last evening. A good band was out. Music again on Saturday evening.

CIRCUS.—This place of amusement was crowded last night. The performance, in part, could hardly be excelled, and was applauded deservedly. The troupe start south this morning. They will perform in the towns of the valley and at the State Fair during its continuance.

BUSINESS NOTICES.

SOLE AGENT.—Mr. P. L. Weaver, whose advertisement appears elsewhere, is the sole agent on the Pacific coast for the justly celebrated Hazard's gunpowder. He keeps nothing but the most superior grades of Hazard's, and hunters who wish to use strong and clean powder should not fail to procure this favorite brand among all sportsmen.

Medical Mistakes.

It took the faculty about a thousand years to discover that the best way to cure disease was not to render the patient too weak to contend with it. Within the last twenty years, however, the whole system of medical practice has been changed for the better. In diseases or complaints caused by excessive heat, for instance, the doctors no longer recommend the reduction of the invalid's strength by prostrating medicines. The vast atrocities which has attended the use of Hostetter's Stomach Bitters as a remedy for debility, has given over the most prejudiced members of the old school an insight into the only true and rational theory of cure. Calthartics, calomel, and overpowering doses of opium, are now among the obsolete nostrums of another age. Thoiomes', once as much the legitimate weapon of the physician as the sword is of the soldier, is seldom drawn from its case. The principle of life is no longer drained from the veins by the quart, and water-gruel for the strengthless invalid has ceased to be considered appropriate diet. Vigor is the motto of the rational member of the profession, and they understand, at last, the value of a sterling vegetable tonic. So also, with the people at large, and without consulting medicines at all, they have adopted the bitters as a household remedy, thereby economizing both cash and health.

Note the fact, that Hostetter's Stomach Bitters is sold in bottles only, never in bulk, and that the abortions springing up in various parts of the country, and sometimes offered as substitutes for the great national specific, are all utterly worthless.

No one that has ever visited this body of land but what will say that it is the MOST ELIGIBLE for SUBURBAN RESIDENCES of any ever offered in this market, the land having a gradual slope from the River back to SEVENTEENTH STREET, there being scarcely any Block in the entire tract but what a

Fair View of the City of Portland and Willamette River

Can be had. Another advantage this Property will have for Residences: no high water will ever affect the drainage of the city.

The Oregon and California Railroad Company's New Ferry Boat is now making Regular Trips from the Foot of F street, Couch's Addition, to the Foot of Oregon street, Holladay's Addition.

IMPROVEMENTS TO BE MADE!

Aside from these Improvements now in contemplation by the Railroad Company, in the construction of Wharves, Warehouses and Machine Shops, quite a number of citizens will commence erecting fine Residences and Business Houses, also, Street Improvements, under contract, by grading and planking Holladay Avenue its entire length, to connect with the Sandy Road. We can say that at least a Half Million Dollars will be expended in Permanent Improvements on this Addition the present season.

TERMS OF SALE—40 per cent. CASH down; deferred payments, six and twelve months, with interest at the rate of 10 per cent. per annum.

NO QUESTION AS TO TITLE

The Title to this property is undisputed, being a portion of the Donation Land Claim of Jacob Wheeler and wife. United States Patent issued, and conveyed by said Wheeler and Wife to Geo. W. Weidler.

☞ Parties desiring to invest will find Maps and Plats of the property at our Office, or at the Office of Messrs. PERRY, RUSSELL & WOODWARD, and other LAND AGENCIES in the city.

NEWSPAPERARCHIVE®

NEWSPAPERARCHIVE®

The rising generation in Iowa is hopefully bright. At one of the Sunday schools in an Iowa town lately the Superintendent was reviewing the lesson, and was talking of the verse reading "Let your loins be girded and your lights burning." He asked the question, "Why are we commanded to 'gird our loins?'" One little sharp shaver sung out, "To keep your breeches up."

FINANCE AND COMMERCE.

THURSDAY EVENING, August 24, 1871.

Gold in New York 112⅞.
Currency, buying, 88¾; selling, 89¼.
Exchange on San Francisco, coin, par; currency, ½ per cent. premium. Telegraphic transfers on San Francisco ½ per cent. premium; on New York 1½@1¾ per cent. premium.

The scarcity of coin noted for the past month is not felt as much as was anticipated in moving the crops. Although Wheat has for a few yet commenced arriving from yet many purchases have been made in the interior for future delivery; and, although we are not informed, we are inclined to the belief that payments, if not all, there to large amounts have been made upon such sales. Remittances from the interior for this season of the year are very liberal indeed, rendering unusually easy money market. Here as well as elsewhere all money desired for legitimate business purchases is met with promptness by our banks at the current rate of interest. Parties unable to obtain money in the banks for speculative purposes are obliged to pay high rates of interest on the streets, though the best security is offered.

In our remarks upon the new loan in Wednesday's OREGONIAN, we stated that Secretary Boutwell had made arrangements with Jay Cooke, McCulloch & Co. to negotiate the remainder of the bonds, about $150,000,000 worth, less $50,000,000 reserved for 60 days for refusal by the National Banks. We are to-day in receipt of mail advices from the East stating that the remainder of the $200,000,000 is not formed over to Jay Cooke & Co. to be disposed of. The bankers take absolutely the balance of the amount, after the national banks have had the opportunity to make subscriptions. They will dispose of it just as they do any other security on their own account, and not on account of the Government. As to the terms on which it is taken, the Government is under no obligations from being held out, by limiting the expenses of the Treasury to one-half of one per cent. By no possible contingency is any of this $200,000,000 to be lost on the hands of the Government. By telegraph under date of New York, August 22d, we are informed that Jay Cooke & Co. disposed of it all, and there were orders to be sent to the national banks in the United States to negotiate large amounts for parties in Europe, so that it was expected the loan would be taken in a day or two. The success of this loan is very gratifying, and to Secretary Boutwell it is a great financial achievement, for opposed to his policy have been arrayed many of the ablest financial operators in the United States.

Bark *Whistler* at Hapgood, ——, & Co. taking in Salmon.

Wells, Fargo & Co. shipped $50,000 to Liverpool by the *John L. Stephens*.

The steamer *Constantine* took in over 100 bbls flour to-day.

The freight clerk of the *John L. Stephens* would not allow us to copy manifest of exports, so we are unable to give the same.

The volume of business transacted during the past week under review is fully up to the average for the past month, and in excess of the corresponding week of 1870 the past year. That the business of Portland has grown during the past year beyond the expectations of the most sanguine, is freely admitted by all. The growth of business is to be judged by the amount of goods received. Although we are not thoroughly advised we think that fully 1,000 tons of assorted merchandise has been received every week in this city during the summer, independent of assorted vessels arriving with full cargoes from China and Honolulu; but, notwithstanding, stocks are small. We have been informed by a few of our importers of dry goods, clothing, boots, etc., that notwithstanding they have purchased fully one-third more than last year for their fall trade, and have expected to have to duplicate more so as to meet the increased demand. As will be seen by our market review there have been several changes since last week's review, as will be noted by a glance.

The Oregon City Woolen Mills have shipped this season to Boston 80,000 lbs of the [illegible] and have on hand to ship 100,000 lbs more.

Ordinance No. 1,043.

AN ORDINANCE TO PROVIDE FOR THE TIME and manner of improving that part of South Front street lying between Ehermin and Sheridan streets.

The City of Portland does ordain as follows:

Section 1. The proposed improvement of that part of South Front street lying between the center line of Sherman street and the north line of Sheridan street, shall be completed as hereinafter provided, on or before the second day of October, 1871.

Section 2. The surface of the street shall be cleared of all plank, timbers, or other obstacles or perishable materials (subject to crosswalks and plank crossings of the proper width and grade excepted). If the obstructions are not removed by the owners of the adjacent lots within three days from the service of notice by the Street Commissioner they shall be removed by and become the property of the contractor.

Section 3. The improvement shall consist of grading, and laying side walks, cross walks and plank gutters where necessary.

Section 4. The work to be done and materials furnished shall correspond with the provisions of and under the restrictions contained in section 6, 7, 8, 9, 11, and 12 of Ordinance No. 703, entitled "an ordinance in relation to the improvement of streets."

Section 5. The Contractor shall take entire charge of the work during its progress and shall be responsible for any loss or accident resulting from carelessness or neglect.

Section 6. The Committee on Streets and Public Property are hereby authorized to advertise for proposals, receive bids and enter into contract with the lowest responsible bidder or bidders for the improvement specified in this ordinance.

Section 7. The improvement shall be completed to the satisfaction of the Committee on Streets and Public Property and the Street Commissioner.

Passed the Common Council August 2, 1871.

U. S. MARSHAL'S NOTICE.—UNITED STATES of America, District of Oregon, ss.—Whereas an order was made on the 21st day of August, 1871, by the Hon. Matthew P. Deady, Judge of the District Court of the United States for the District of Oregon, in the cause therein pending, wherein Isaac Thomas is libellant against the Steamboat "Webfoot No. 2," that the said steamboat, her machinery, tackle, apparel and furniture should be sold at public auction by the Marshal, upon three days notice of such sale, and that the proceeds of such sale be returned to the Clerk of said Court. Therefore, I hereby give notice that, in pursuance of such order, I will, on Saturday, the 26th day of August, A. D. 1871, at 10 o'clock in the forenoon of that day, at the foot of Morrison street, in the city of Portland, county of Multnomah and District aforesaid, proceed to sell the said steamboat "Webfoot No. 2," her machinery, tackle, apparel and furniture, at public auction to the highest bidder therefor, for cash in hand in U. S. Currency.

Portland, Oregon, August 22, 1871.

THOMAS G. YOUNG,
U. S. Marshal for Oregon.
